Form 54 - Change of Medications

Data File: f54_ct_pub **File Date:** 07/20/2007 **Structure:** Multiple rows per participant **Population:** HT & CaD participants

Participant ID

Variable # 1
Sas Name: ID
Sas Label: Participant ID
Type: Continuous

Usage Notes: none
Categories: Study: Administration

F54 Days since CT randomization

Variable # 2
Sas Name: F54DAYS
Sas Label: F54 Days since CT randomization
Type: Continuous

Usage Notes: none
Categories: Study: Administration

F54 Days since CaD randomization

Days between CaD randomization and initiation of form

Variable # 3
Sas Name: F54CADDY
Sas Label: F54 Days since CaD randomization
Type: Continuous

Usage Notes: none
Categories: Study: Administration

F54 Visit type

Variable # 4
Sas Name: F54VTYP
Sas Label: Visit type
Type: Categorical

Usage Notes: none
Categories: Study: Administration

Values

2	Semi-Annual Visit
3	Annual Visit
4	Non-Routine Visit
5	6 Week HRT/4 Week CaD Call

F54 Visit year

Visit year for which this form was collected.

Variable # 5
Sas Name: F54VY
Sas Label: Visit year
Type: Continuous

Usage Notes: none
Categories: Study: Administration

F54 HRT dosage (pills/week)

What is the new study medication schedule? (Include all study medications the participant should take, including those that you are not changing.)
HRT dosage (pills/week):

Variable # 6
Sas Name: HRT
Sas Label: HRT dosage (pills/week)
Type: Continuous

Usage Notes: none
Categories: Study Interventions: HRT Intervention/Management

F54 CEE 0.3 mg dosage (pills/week)

What is the new study medication schedule? (Include all study medications the participant should take, including those that you are not changing.)
CEE 0.3 mg dosage (pills/week):

Variable # 7
Sas Name: CEE3
Sas Label: CEE 0.3mg dosage (pills/week)
Type: Continuous

Usage Notes: none
Categories: Study Interventions: HRT Intervention/Management

F54 CEE 0.625 mg dosage (pills/week)

What is the new study medication schedule? (Include all study medications the participant should take, including those that you are not changing.)
CEE 0.625 mg dosage (pills/week):

Variable # 8
Sas Name: CEE625
Sas Label: CEE 0.625 mg dosage (pills/week)
Type: Continuous

Usage Notes: none
Categories: Study Interventions: HRT Intervention/Management

F54 MPA 2.5 mg dosage (pills/week)

What is the new study medication schedule? (Include all study medications the participant should take, including those that you are not changing.)
MPA 2.5 mg dosage (pills/week):

Variable # 9
Sas Name: MPA25
Sas Label: MPA 2.5 mg dosage (pills/week)
Type: Continuous

Usage Notes: none
Categories: Study Interventions: HRT Intervention/Management

F54 MPA 5 mg dosage (pills/week)

What is the new study medication schedule? (Include all study medications the participant should take, including those that you are not changing.)
MPA 5 mg dosage (pills/week):

Variable # 10
Sas Name: MPA5
Sas Label: MPA 5 mg dosage (pills/week)
Type: Continuous

Usage Notes: none
Categories: Study Interventions: HRT Intervention/Management

F54 MPA 10 mg dosage (pills/week)

What is the new study medication schedule? (Include all study medications the participant should take, including those that you are not changing.)
MPA 10 mg dosage (pills/week):

Variable # 11
Sas Name: MPA10
Sas Label: MPA 10 mg dosage (pills/week)
Type: Continuous

Usage Notes: none
Categories: Study Interventions: HRT Intervention/Management

F54 CaD dosage (pills/week)

What is the new study medication schedule? (Include all study medications the participant should take, including those that you are not changing.)
CaD dosage (pills/week):

Variable # 12
Sas Name: CAD
Sas Label: CaD dosage (pills/week)
Type: Continuous

Usage Notes: none

Categories: Study Interventions: CaD Intervention/Management

F54 Cyclic regimen

Is this a cyclic regimen?

Variable # 13
Sas Name: CYCLIC
Sas Label: Cyclic regimen
Type: Categorical

Values

0	No
1	Yes

Usage Notes: Not collected on all versions of Form 54.

Categories: Study Interventions: HRT Intervention/Management

F54 Study medication permanent

Is the new study medication schedule permanent?

Variable # 14
Sas Name: PERM
Sas Label: Study medication permanent
Type: Categorical

Values

0	No
1	Yes

Usage Notes: none

Categories: Study Interventions: CaD Intervention/Management
Study Interventions: HRT Intervention/Management

F54 How long to take (weeks)

For how long should the participant follow this new study medication schedule? (Record shortest length of time if more than one medication.)

Variable # 15
Sas Name: HOWLONG
Sas Label: How long to take (weeks)
Type: Continuous

Usage Notes: Sub-question of F54 V3 Q7 "Study medication permanent" (skip pattern rule not applied).

Categories: Study Interventions: CaD Intervention/Management
Study Interventions: HRT Intervention/Management

F54 HRT - bleeding

Why did you make the change in the medication schedule? (Mark all that apply). HRT - bleeding:

Variable # 16
Sas Name: HRTBLEED
Sas Label: HRT - bleeding
Type: Categorical

Values

0	No
1	Yes

Usage Notes: none

Categories: Study Interventions: HRT Intervention/Management

F54 HRT - biopsy abnormality

Why did you make the change in the medication schedule? (Mark all that apply). HRT - biopsy abnormality:

Variable # 17

Sas Name: HRTBIOP

Sas Label: HRT - biopsy abnormality

Type: Categorical

Usage Notes: none

Categories: Study Interventions: HRT Intervention/Management

Values

0	No
1	Yes

F54 HRT - abnormal transvaginal ultrasound

Why did you make the change in the medication schedule? (Mark all that apply). HRT - abnormal transvaginal ultrasound:

Variable # 18

Sas Name: HRTTVU

Sas Label: HRT - abnormal transvaginal ultrasound

Type: Categorical

Usage Notes: none

Categories: Study Interventions: HRT Intervention/Management

Values

0	No
1	Yes

F54 HRT - symptom intolerance

Why did you make the change in the medication schedule? (Mark all that apply). HRT - symptom intolerance:

Variable # 19

Sas Name: HRTSYMP

Sas Label: HRT - symptom intolerance

Type: Categorical

Usage Notes: none

Categories: Study Interventions: HRT Intervention/Management

Values

0	No
1	Yes

F54 HRT - other

Why did you make the change in the medication schedule? (Mark all that apply). HRT - other:

Variable # 20

Sas Name: HRTOTHER

Sas Label: HRT - other

Type: Categorical

Usage Notes: none

Categories: Study Interventions: HRT Intervention/Management

Values

0	No
1	Yes

F54 CaD - symptom intolerance

Why did you make the change in the medication schedule? (Mark all that apply). CAD - symptom intolerance:

Variable # 21

Sas Name: CADSYMP

Sas Label: CaD - symptom intolerance

Type: Categorical

Usage Notes: none

Categories: Study Interventions: CaD Intervention/Management

Values

0	No
1	Yes

F54 CaD - other

Why did you make the change in the medication schedule? (Mark all that apply). CAD - other:

Variable # 22

Sas Name: CADOTHER

Sas Label: CaD - other

Type: Categorical

Usage Notes: none

Categories: Study Interventions: CaD Intervention/Management

Values

0	No
1	Yes
