

OAT LTFU Master List of Publications and Presentations

2001

Publications:

Sadanandan S, Buller C, Menon V, Džavík V, Terrin M, Thompson B, Lamas G, Hochman JS. **The Late Open Artery Hypothesis – A Decade Later.** *Am Heart J* 2001;142:411-21. PubMed ID#: 11526353

2005

Publications:

Hochman JS, Lamas GA, Knatterud GL, Buller CE, Džavík V, Mark DB, Reynolds HR, White HD; **Occluded Artery Trial Research Group. Design and methodology of the Occluded Artery Trial (OAT).** *Am Heart J.* 2005 Oct;150(4):627-42. PubMed ID#: 16209957.

2006

AHA 06 Late-Breaking Clinical Trials:

- 1) Vladimír Džavík - **Effects of percutaneous revascularization of occluded infarct-related arteries on left ventricular function and late vessel patency: Results of the Total Occlusion Study of Canada (TOSCA)-2, an Ancillary Study of the Occluded Artery Trial.** Presented at AHA LBCT Session - Tuesday, November 14, 2006
- 2) Judith S. Hochman, on behalf of the OAT Group. **The Occluded Artery Trial (OAT).** Presented at AHA LBCT Session - Tuesday, November 14, 2006

AHA 06 Abstracts:

- 1) Jorapur V, Sadowski Z, Reynolds HR, Carvalho AC, Buller CE, Rankin J, Renkin J, Steg PG, White H, Vozzi C, Balcells E, Ragosta M, Martin CE, Tamis-Holland JE, Srinivas V, Wharton W, Abramsky S, Mon AC, Barton B, Lamas GA, Hochman JS. **Chronic kidney disease, ejection fraction and heart failure in patients with occluded infarct-related arteries post-myocardial infarction: data from the Occluded Artery Trial.** *Circulation* 2006; 114:17(suppl III) III 1995.

- 2) Vinod Jorapur, Terje Steigen, Christopher E Buller, Vladimír Džavík, John Webb, Bradley H. Strauss, Eunice Yeoh, Peter Kurray, Leszek Sokalski, Mauricio Machado, Gervasio A. Lamas, Judith S Hochman, GB John Mancini. **Clinical and coronary angiographic correlates of Myocardial Perfusion Grade following late mechanical reperfusion of occluded infarct-related arteries post-myocardial infarction – a Total Occlusion Study of Canada-2 substudy.** *Circulation* 2006; 114:17(suppl III) III 1748.
- 3) Terje Steigen, Vinod Jorapur, Christopher E Buller, Vladimír Džavík, Marecelo Cardona, David Almond, Neil Brass, Jeffrey Burton, Aleksander Zurakowski, Sandra Forman, Gervasio A. Lamas, Judith S. Hochman, GB John Mancini. **Association of Myocardial Perfusion Grade after late infarct reperfusion with baseline indices of global LV function; analysis from the Total Occlusion Study of Canada-2.** *Circulation* 2006; 114:17(suppl III) III 2465.

Publications:

- 1) Hochman JS, Lamas GA, Buller CE, Džavík V, Reynolds HR, Abramsky SJ, Forman S, Ruzyllo W, Maggioni AP, White H, Sadowski Z, Carvalho AC, Rankin JM, Renkin JP, Steg PG, Mascette AM, Sopko G, Pfisterer ME, Leor J, Fridrich V, Mark DB, Knatterud GL; Occluded Artery Trial Investigators. **Coronary intervention for persistent occlusion after myocardial infarction.** *N Engl J Med* 2006 Dec 7;355(23):2395-407. PubMed Central ID#: PMC1995554; PubMed ID#: 17105759; NIH Manuscript Submission ID: NIHMS27202. Also listed on 2 Polish websites (<http://www.mp.pl/artykuly/?aid=31180>; <http://www.ptkardio.pl/journalwatch/17/176>)
- 2) Džavík V, Buller CE, Lamas GA, Rankin JM, Mancini GB, Cantor WJ, Carere RJ, Ross JR, Atchison D, Forman S, Thomas B, Buszman P, Vozzi C, Glanz A, Cohen EA, Meciari P, Devlin G, Mascette A, Sopko G, Knatterud GL, Hochman JS; TOSCA-2 Investigators. **Randomized trial of percutaneous coronary intervention for subacute infarct-related coronary artery occlusion to achieve long-term patency and improve ventricular function: the Total Occlusion Study of Canada (TOSCA)-2 trial.** *Circulation* 2006 Dec 5;114(23):2449-57. PubMed ID#: 17105848.

2007

ACC 07 Late-Breaking Clinical Trial:

Eric J. Rashba, Judith S. Hochman, Jean-Philippe Couderc, Gervasio A. Lamas, Sharri M. Hollist, Vladimír Džavík, Warren Cantor, Carlos Vozzi, Christopher Buller, Sandra Forman, John R. Ross, Antonio Carlos Carvalho. **Electrophysiological Effects of Late PCI of Persistently Occluded Infarct-Related Arteries 3-28 Days After Myocardial Infarction: Results From the EP Ancillary Study of the Occluded Artery Trial (OAT-EP).** Presented at ACC LBCT Session - Monday, March 26, 2007.

ACC 07 Abstracts:

Camille A. Pearte, James E. Udelson, Mariusz Kruk, Harmony R. Reynolds, Witold Ruzyllo, Zygmunt Sadowski, Anna Teresinska, Bartosz Bychowicz, Thomas Höchtel, Jose Antonio Marin-Neto, Eric A. Cohen, Benita Busz-Papiez, Paulo Caramori, Christopher Adlbrecht, Carey Kimmelstiel, Christopher E. Buller, Sandra Forman, Gervasio A. Lamas, Judith S.

Hochman. **Infarct Size, Viability, and Correlates in Patients Presenting With a Persistent Total Occlusion of the Infarct-Related Artery 3-28 Days Post Myocardial Infarction: An Occluded Artery Trial (OAT) Substudy.** *J Am Col Cardiol* 2007; 49(9) suppl A, 199.

AHA 07 Late-Breaking Clinical Trial:

Daniel B Mark, Wenqin Pan, Nancy E Clapp-Channing, Linda Davidson-Ray, John Ross, Rebecca Fox, Gerard Devlin, Edwin Martin, Eric A Cohen, Gervasio A Lamas, Judith S Hochman. **PCI in the OAT Trial: Lots of Bucks, Not Much Bang.**

AHA 07 Abstracts:

- 1) Harvey D White, P Gabriel Steg, Vladimír Džavík, Venu Menon, Harmony R Reynolds, Antonio C Carvalho, Bruce A Barton, Warren J Cantor, Mariusz Kruk, C E Martin, Camille A Pearte, Genell L. Knatterud, Gervasio A Lamas, Judith S Hochman. **Predictors of Reinfarction Following PCI or Medical Management in Patients With Persistent Total Occlusion After Myocardial Infarction: Results from the Occluded Artery Trial (OAT).** *Circulation*, Oct 2007; 116: II_625.
- 2) Christopher E Buller, G. B. John Mancini, Vladimír Džavík, Matthias E Pfisterer, James M Rankin, Ronald G Carere, Lampros K Michalis, Jean Renkin, Sandra A Forman, Pedro F Abreu, Gervasio A Lamas, Judith S Hochman. **PCI Failure in the Occluded Artery Trial (OAT): Frequency, Mechanisms, and Outcome.** *Circulation*, Oct 2007; 116: II_416.
- 3) Christopher E Buller, Vladimír Džavík, Sandra A Forman, Witold Ruzyllo, Pawel E Buszman, Lampros K Michalis, G. B. John Mancini, Jean Renkin, Matthias E Pfisterer, Boban Thomas, Gervasio A Lamas, Judith S Hochman. **Similar Long-Term Outcomes After PCI Success, PCI Failure, and no PCI in the Occluded Artery Trial (OAT).** *Circulation*, Oct 2007; 116: II_525 - II_526.
- 4) Christopher E Buller, James M Rankin, Jean Renkin, Ronald G Carere, Vladimír Džavík, Witold Ruzyllo, Sandra A Forman, Pawel E Buszman, G. B. John Mancini, Pedro F Abreu, Gervasio A Lamas, Judith S Hochman. **Did Early Hazard of PCI Offset Late Benefit in the Occluded Artery Trial (OAT)?** *Circulation*, Oct 2007; 116: II_667.
- 5) Mariusz Kruk, Jacek Kadziela, Zygmunt P Sadowski, Bruce A Barton, Daniel B Mark, Sandra A Forman, Harmony R Reynolds, Aldo P Maggioni, Jonathan Leor, John G Webb, Michael Kapeliovich, Jose Antonio Marin-Neto, Harvey D White, Gervasio A Lamas, Judith S Hochman. **Predictors of Outcome and the Lack of Effect of PCI Across the Risk Strata in Patients With Persistent Total Occlusion After Myocardial Infarction: Results from the Occluded Artery Trial (OAT).** *Circulation*, Oct 2007; 116: II_625.
- 6) Irene Lang, Sandra A Forman, Aldo P Maggioni, Witold Ruzyllo, Carlos Vozzi, Jean Renkin, P Gabriel Steg, Jose Maria Hernandez-Gardia, Krzysztof Zmudka, Manuel Jimenez-Navarro, George Sopko, Gervasio A Lamas, Judith S Hochman. **Causes of Death in Early MI Survivors With Persistent Vessel Occlusion: Results from the Occluded Artery Trial (OAT).** *Circulation*, Oct 2007; 116: II_625.

- 7) James E Udelson, Camille A Pearte, Carey D Kimmelstiel, Mariusz Kruk, Anna Teresinska, Bartosz Bychowiec, Jose Antonio Marin-Neto, Thomas Höchtl, Eric A Cohen, Paulo Caramori, Benita Busz-Papiez, Christopher Adlbrecht, Zygmunt P Sadowski, Witold Ruzyllo, Sandy A Forman, Deborah J Kinan, Gervasio A Lamas, Judith S Hochman. **The Occluded Artery Trial (OAT) Viability Ancillary Study (OAT-NUC): Influence of Infarct Zone Viability on Left Ventricular Remodeling After PCI vs. Medical Therapy Alone.** *Circulation*, Oct 2007; 116: II_624 - II_625.

ESC 07 Abstract:

Vladimír Džavík, Chris E. Buller, Gerard Devlin, Eric A. Cohen, Luc Bilodeau, John G. Webb, Deborah Atchison, Sandra Forman, Gervasio A. Lamas, Judith S. Hochman.
Outcome after percutaneous coronary intervention with drug-eluting stents in patients with persistent infarct artery occlusion after myocardial infarction. *European Heart Journal* (2007) 28 (Abstract Supplement), 578.

Reviews/Editorials:

- 1) Gervasio A Lamas and Judith S Hochman. **Where Does the Occluded Artery Trial Leave the Late Open Artery Hypothesis?** *Heart* 2007 Nov;93(11):1319-21. PubMed ID#: 17933981.
- 2) Cheuk-Kit Wong, Harvey D White. **Should We Open Occluded Infarct-Related Arteries? OAT Offers Food for Thought.** *Acute Coronary Syndromes*, 2007;8(3):90–95.
- 3) Eric R. Bates, Judith S. Hochman, MD. **Challenging coronary artery revascularization paradigms.** *Am Heart J*, 2007;154:1005-7. PubMed ID#: 18035067.

2007 Presentations:

- 1) Judith S Hochman, Presentation at the 28th International Congress of the Italian Society of Invasive Cardiology (GISE), Genoa, Italy (October 4, 2007). **After the OAT trial: the open artery hypothesis is dead: PRO**
- 2) Judith S Hochman, Grand Rounds Presentation, Washington Hospital Center, Washington DC, USA (September 25, 2007). **The Late Open Artery Hypothesis - from bench to bedside**
- 3) Judith S Hochman, Case Western Reserve University, Cleveland, USA (April 5, 2007). **Reperfusion in MI – Focus on OAT Results**
- 4) Judith S Hochman, Grand Rounds Presentation, New York University, New York, USA (January 11, 2007). **The Late Open Artery Hypothesis – Bench to Bedside**

2008

ACC 08 Poster Presentations:

- 1) Gerard P. Devlin, Daniel B. Mark, Gervasio A. Lamas, Antonio C. Carvalho, Vladimír Džavík, Sandra A. Forman, Carlos R. Vozzi, Michael Ragosta, Jamie M. Rankin, Paulo Caramori, George Sopko, Eduardo Balcells, Jonathan Leor, Bruce A. Barton, Judith S. Hochman. **Routine PCI Improves Short but not Long term Angina Status in Patients with an Occluded Infarct Artery: Results from the Occluded Artery Trial (OAT).** A222.
- 2) Ph. Gabriel Steg, Arthur Kerner, Christopher E. Buller, Sandra A. Forman, Harvey D. White, Antonio C. Carvalho, Harmony R. Reynolds, Viliam Fridrich, Eric A. Cohen, G. B. John Mancini, Gervasio A. Lamas, Judith S. Hochman. **Collateral Flow to the Occluded Infarct-related Artery is Associated with a Lower Rate of Heart Failure in the Occluded Artery.**
- 3) Warren J. Cantor, Gervasio A. Lamas, Eugenia Nikolsky, Camille A. Pearte, Vankelpuran S. Srinivas, Sandra A. Forman, Venu Menon, John R. Ross, Sérgio B. Baptista, Peter Meciar, Zygmunt Sadowski, Judith S. Hochman. **Impact of Stress Testing Prior to PCI or Medical Management on Outcomes of Patients With Persistent Total Occlusion After Myocardial Infarction: Analysis From the Occluded Artery Trial (OAT).** A191.
- 4) Venu Menon, Camille A. Pearte, Christopher E. Buller, Ph. Gabriel Steg, Sandra A. Forman, Harvey D. White, Paolo N. Marino, Demosthenes G. Katritsis, Paulo Caramori, Ricardo Lasevitch, Krystyna Lobo-Grudzien, Aleksander Zurakowski, Gervasio A. Lamas, Judith S. Hochman. **Lack of Benefit with PCI for Total Occlusions in Stable Patients Following Myocardial Infarction is Time Independent: Results from the Occluded Artery Trial (OAT).** A201.

Standard Electronic Presentation (SCAI Annual Scientific Session in Partnership with ACC i2 Summit):

- 1) Terje K. Steigen, Vinod Jorapur, Christopher E. Buller, Warren J. Cantor, Boban Thomas, James M. Rankin, Anthony Glanz, John G. Webb, Pawel Buszman, Bruce Barton, Deborah J. Atchison, Gervasio A. Lamas, Judith S. Hochman, GB John Mancini, Vladimír Džavík. **Myocardial Perfusion Grade (MPG) After Late Infarct Artery Recanalization Predicts Global and Regional LV Function at One Year; Analysis From the Total Occlusion Study of Canada-2.**

ESC 08 Poster Presentations:

- 1) Kurt Huber, Harmony R. Reynolds, Vladimír Džavík, Christopher Adlbrecht, Philippe Gabriel Steg, Antonio C. Carvalho, James M. Rankin, Paolo Marino, Harvey D. White, Judith S. Hochman. **Effects of reinfarction on mortality in patients with recanalized or conservatively treated occluded coronary arteries in the occluded artery trial (OAT).** *European Heart Journal* (2008) 29 (Abstract Supplement), 71.
- 2) Mariusz Kruk, Christopher E. Buller, Vladimír Džavík, G. B. John Mancini, Peter Kurray, James Enlou Tcheng, Venu Menon, Sandra A. Forman, Gervasio A. Lamas, Judith S. Hochman. **Late recanalization of infarct related artery has no impact on clinical outcomes regardless of ejection fraction: Results from the Occluded Artery Trial (OAT).** *European Heart Journal* (2008) 29 (Abstract Supplement), 679.

ESC 08 Oral Presentation:

Lukasz Malek, Harmony R. Reynolds, Carlos Vozzi, Mieczyslaw Dziarmaga, John Kerswell French, G. B. John Mancini, Sandra A. Forman, Jean Renkin, Gervasio A. Lamas, Judith S. Hochman. **Late coronary intervention in stable patients after myocardial infarction for totally occluded LADs does not reduce events compared to medical therapy alone. Results from the Occluded Artery Trial (OAT).** *European Heart Journal* (2008) 29 (Abstract Supplement), 514-515.

AHA 08 Moderated E-Posters:

- 1) Christopher B Overgaard, Christopher E Buller, Aldo P Maggioni, Jonathan Leor, Witold Ruzyllo, Jeffrey R Burton, Gilmar Reis, Lea Liu, Gerard Devlin, Waldemar Banasiak, Gervasio A Lamas, Judith S Hochman, and Vladimír Džavík. **Late Clinical Outcomes of Diabetic Patients Randomized in the Occluded Artery Trial (OAT).** *Circulation*, Oct 2008; 118: S_661.
- 2) Harmony R Reynolds, Jacqueline E Tamis-Holland, Shari Similo Kronsberg, Philippe Gabriel Steg, Antonio C Carvalho, Krystyna Lobo-Grudzien, Mariusz Kruk, George Sopko, Witold Ruzyllo, Camille A Pearte, Sandra A Forman, Gervasio A Lamas, and Judith S Hochman. **Sex Differences in Outcomes after Myocardial Infarction with Persistent Total Occlusion of the Infarct Artery: Analysis of the Occluded Artery Trial.** *Circulation*, Oct 2008; 118: S_967.

CCS 08 (Canadian Cardiovascular Society) Poster Presentation:

CB Overgaard, CE Buller, AP Maggioni, J Leor, W Ruzyllo, J Burton, G Reis, SA Forman, G Devlin, W Banasiak, G Lamas, JS Hochman, V Džavík. **Late Clinical Outcomes Of Diabetic Patients Randomized In The Occluded Artery Trial (OAT).**

Publications:

- 1) Stephen Gimple, Venu Menon. **Lack of Benefit with Percutaneous Intervention for Late Persistent Occlusion after Myocardial Infarction: Summary of the Occluded Artery Trial.** *J Cardiovasc Nurs.* 2008 Jan-Feb;23(1):30-3. PubMed ID#: 18158504.
- 2) Vinod Jorapur, Terje K. Steigen, Christopher E. Buller, Vladimír Džavík, John G. Webb, Bradley H. Strauss, Eunice E. S. Yeoh, Peter Kurray, Leszek Sokalski, Mauricio C. Machado, Shari S. Kronsberg, Gervasio A. Lamas, Judith S. Hochman, G. B. John Mancini. **Distribution and Determinants of Myocardial Perfusion Grade Following Late Mechanical Recanalization of Occluded Infarct-Related Arteries Post-Myocardial Infarction: A report from the Occluded Artery Trial.** *Catheter Cardiovasc Interv.* 2008 Nov 15;72(6):783-9. PubMed ID#: 18798327.
- 3) Mariusz Kruk, Jacek Kadziela, Harmony R. Reynolds, Sandra A. Forman, Zygmunt Sadowski, Bruce A. Barton, Daniel B. Mark, Aldo P. Maggioni, Jonathan Leor, John G. Webb, Michael Kapeliovich, Jose A. Marin-Neto, Harvey D. White, Gervasio A. Lamas, Judith S. Hochman. **Predictors of Outcome and the Lack of Effect of Percutaneous Coronary Intervention Across the Risk Strata in Patients With Persistent Total Occlusion After Myocardial Infarction. Results From the Occluded Artery Trial (OAT).** *J Am Col Cardiol. Intv.* 2008 1: 511-520. PubMed Central ID#: PMC2635493; PubMed ID#: 19194534; NIH Manuscript Submission ID#: NIHMS82380.

Review Papers:

- 1) Dzavík V, Steg PG, Barton B, Lamas G, Hochman JS. **A meta-analysis that misses the mark.** *J Am Col Cardiol.* 2008 Aug 12;52(7):578-80. PubMed ID#: 18687255.
- 2) Mariusz Kruk, Jacek Kadziela, Witold Ruzyllo. **Late opening of occluded infarct related artery.** *Post Kardiol interval* 2008; 4, 1 (11): 35-39.

2008-2009 sentations:

- 1) "Optimal care in CAD: the evolving role of revascularization and medical therapy" at the University of Virginia Grand Rounds, Charlottesville, VA, on 1/8/2008.
- 2) "The late open artery hypothesis - from bench to bedside, A journey over two decades" at the Association of University Cardiologists (AUC) 2008, Scottsdale, AZ, on 1/10/2008.
- 3) "OAT should dictate more conservative clinical practice" at the 5th International Chronic Total Occlusion Summit, New York, NY, on 2/21/2008.
- 4) "The role of revascularization for coronary artery disease, from acute shock to stable occlusion after myocardial infarction" at the 16th Annual Miriam Lemberg Visiting Professorship in Cardiovascular Disease, Miami, FL, on 3/5/2008.
- 5) "Interventional Strategies After Admission for ST-Segment Elevation Myocardial Infarction and Non-ST Segment Elevation Myocardial Infarction" at the ACC 2008, Chicago, IL, on 3/29/2008.
- 6) "The role of revascularization for coronary artery disease, from acute shock to stable occlusion after myocardial infarction" at the Einstein Montefiore Grand Rounds, New York, NY, on 4/3/2008.
- 7) "The Late open artery hypothesis - from bench to bedside" at the Mount Sinai Medical Center, School of Medicine, New York, NY, on 4/28/2008.
- 8) "Two challenges in the management of total occlusions - from acute shock to stable occlusion post MI" at the Distinguished Speakers in Cardiovascular Medicine, Vancouver, Canada, on 5/1/2008.
- 9) "The Cardiologist Perspective: What have we learned about recanalization of subacutely occluded coronary vessels? What can we extrapolate to chronically occluded vessels?" at the Weill Cornell Medical College, New York, NY, on 9/12/2008.
- 10) "The Late open artery hypothesis - from bench to bedside" at the Brigham and Women's Hospital Grand Rounds, Boston, MA, on 9/18/2008.
- 11) "The role of revascularization for coronary artery disease, from acute shock to stable occlusion after myocardial infarction" at the 25th Annual Laurence H. Green Memorial Lecturer at the Brigham and Women's Hospital, Boston, MA, on 9/19/2008.
- 12) "Medical Prescriptions - Coronary Artery Disease", NYU Post-Graduate Medical School CME activity - Comparative Healthcare Systems and CV Treatments, Milan, Italy, on 9/22/2008.

- 13) "Insights from the Occluded Artery Trial (OAT)" at the AHA 2008, New Orleans, LA, on 11/8/2008.
- 14) "The role of revascularization for coronary artery disease, from acute shock to stable occlusion after myocardial infarction" at the ACC NY Chapter, New Orleans, LA, on 12/4/2008.
- 15) "Coronary intervention for persistent occlusion after myocardial infarction" at the 69th Annual Congress of the Italian Society of Cardiology, Rome, Italy, on 12/13/2008.
- 16) "The Late Open Artery Hypothesis from Bench to Bedside; The Occluded Artery Trial" at the John Hopkins University Distinguished Speaker Series, Baltimore, MD, on 2/5/2009.

2009

ACC 09 poster presentation:

Adam H. Skolnick, Vladimír Džavík, Venu Menon, Lea Liu, Aldo P. Maggioni, Antonio C. Carvalho, Luis Gruberg, Rudyne Eduardo Uchoa Azevedo, Erwin Schroeder, Camille A. Pearte, Harvey D. White, Gervasio A. Lamas, Judith S. Hochman. **Age and Outcomes After Myocardial Infarction with Persistent Total Occlusion of the Infarct-Related Artery: An Analysis of the Occluded Artery Trial.**

ESC 09 (submitted Feb 2009):

Venu Menon, Antonio Carvalho, Christophe Thuaire, Sandra A. Forman, Jose Marconi, Krystyna Jaworska, Yoav Turgeman, Gervasio A. Lamas, Judith S. Hochman. **Failure to Timely Identify the Posterior Circulation Infarct Related Artery: Observations from the Occluded Artery Trial.** Abstract Number: 85206.

Publications:

- 1) Venu Menon, Camille A. Pearte, Christopher E. Buller, Ph. Gabriel Steg, Sandra A. Forman, Harvey D. White, Paolo N. Marino, Demosthenes G. Katriasis, Paulo Caramori, Ricardo Lasevitch, Krystyna Loboz-Grudzien, Aleksander Zurakowski, Gervasio A. Lamas, Judith S. Hochman. **Lack of benefit from percutaneous intervention of persistently occluded infarct arteries after the acute phase of myocardial infarction is time independent: insights from Occluded Artery Trial.**
. PubMed Central ID#: PMC2639108; PubMed ID#: 19028780.
- 2) Warren J. Cantor, Sergio B. Baptista, Vankeepuram S. Srinivas, Camille A. Pearte, Venu Menon, Zygmunt Sadowski, John R. Ross, Peter Meciar, Eugenia Nikolsky, Sandra A. Forman, Gervasio A. Lamas, Judith S. Hochman. **Impact of Stress Testing Prior to PCI or Medical Management on Outcomes of Patients With Persistent Total Occlusion After Myocardial Infarction: Analysis From the Occluded Artery Trial.**
Am Heart J 2009;0:1-7.
- 3) Mark DB, Pan W, Clapp-Channing NE, Anstrom KJ, Ross JR, Fox RS, Devlin GP, Martin CE, Adlbrecht C, Cowper PA, Davidson-Ray L, Cohen EA, Lamas GA, Hochman JS, for

the Occluded Artery Trial Investigators. **Quality of life after late invasive therapy for occluded arteries.** *N Engl J Med* 2009;360(8):774-783. PubMed ID#: 19228620.

- 4) Eric J. Rashba, Gervasio A. Lamas, Jean-Philippe Couderc, Sharri M. Hollist, Vladimír Džavík, Witold Ruzyllo, Viliam Fridrich, Christopher E. Buller, Sandra A. Forman, Joseph A. Kufera, Antonio C. Carvalho, Judith S. Hochman. **Electrophysiological Effects of Late Percutaneous Coronary Intervention for Infarct-Related Coronary Artery Occlusion. The Occluded Artery Trial – Electrophysiological Mechanisms (OAT-EP).** *Circulation* 2009;119:779-787. PubMed ID#: 19188505.

Articles in Press:

- 1) Vladimír Džavík, Christopher E. Buller, Gerard Devlin, Ronald G. Carere, GB John Mancini, Warren J. Cantor, Pawel Buszman, James M. Rankin, Carlos Vozzi, John R. Ross, Sandra Forman, Bruce Barton, Gervasio Lamas, Judith S. Hochman. **Angiographic and clinical outcomes of drug-eluting versus bare metal stent deployment in the Occluded Artery Trial** (in press, *Catheterization and Cardiovascular Interventions*).
- 2) LA Malek, HR Reynolds, SA Forman, C Vozzi, GB John Mancini, JK French, M Dziarmaga, JP Renkin, J Kochman, GA Lamas, JS Hochman. **Late coronary intervention for totally occluded LADs in stable patients after myocardial infarction: Results from the Occluded Artery Trial (OAT)** (in press, *American Heart Journal*).
